

Established in 1966

the Williamsburg Y Head Start has provided over 40 years of excellent service to the parents and children of the community. The agency is held as a model program till today, and has been a leader in incorporating new programs, such as the UPK.

Our Vision for the Future:

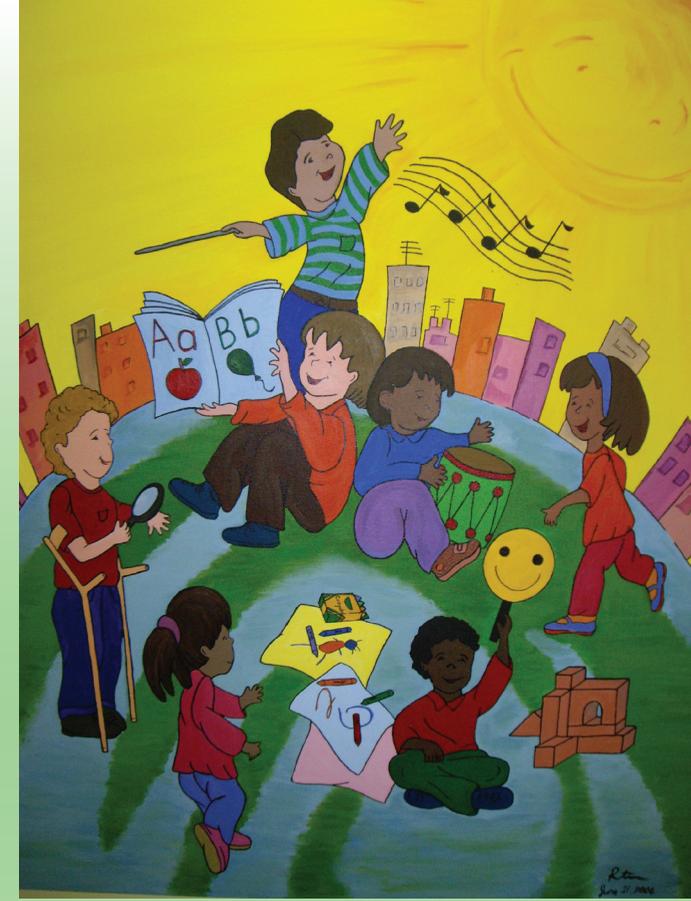

The Williamsburg Y Head Start will continue to play a key role in the transformation of education in America. We will bring our long record of success in working with the most challenging young children and their families in providing the best education and family services. Together we will deliver on our nation's promise that all young children have the opportunity to succeed.

Mission Statement

The Williamsburg Y Head Start shall provide comprehensive services to the total Head Start family in a multi-cultural environment and will promote school readiness by enhancing the social, emotional, physical and cognitive development of low-income children.

We Believe . . .

The potential for successful living for each child can be increased through participation in a comprehensive pre-school program.

A well balanced curriculum allows children many opportunities to explore and discover their strengths.

Parents are an integral part of a child's education.

At the Williamsburg Y Head Start, parents are involved in all aspects including being part of the policy council that is actively involved in decision making and planning activities.
